Public Comment cont:

While out of town, my recycle can and 2 garbage cans disappeared. After going through 4 people I was able to file a police report. ~~Making reporting difficult +~~ ~~block aids to reporting~~ keeps the crime rate down.

I used these cans to encourage residents and visitors to keep the SE corner of Peterboro and 2nd free of garbage.

Could the city replace these cans?
I can recycle at the Golden street
"Recycle here" but they don't take garbage

Public Contract continued:

Keith Hines had an excellent idea:
 We have local cabs who are handicap accessible. Therefore, break the big mega contract into smaller contracts ~~and~~ which will employ more detroitians, and service handicapped riders more quickly and without a 2 day lead time. Also many people in wheel chairs could be helped in and out of a regular car, their chair put into the trunk or front seat for the ride, a bar could be installed across the back ~~most~~ close to the ceiling that spanned the width of the car behind the front seat to allow the passenger to grab the bar to ease entry and exit from a regular vehicle. In mean time you could extend the contract on a monthly basis until the new system is ready to go.

Public Comment for the Detroit City
Council meeting Monday, December 12, 2022

Yes we have the Right to Vote; but
We also have the right to KNOW.
So please put the public comments AND
the council members deliberations,
discussions, and votes into the minutes
and timely post them in an easily
accessible format on your website.

A government, uninformed by
the First (1st) Hand Experiences and
of its constituents...

A government that does NOT involve
the constituents in creating & carrying out
the solutions to their problems
is a government of the corporations,
by the corporations, and for the corporation,
which is what fascist destruction thrives on.
